

2018 Summer Packet for Incoming Second Grade Students

Dear Families,

Congratulations! Your child is being promoted to Second Grade! Over the summer your child will have to keep up their skills that they learned in First Grade and be prepared for Second Grade. Each child will need to practice math skills and reading over the summer.

Reading:

- ***Complete the attached Summer Reading Log. The goal is to read 20 minutes at one sitting. Depending on your child's reading level, reading could be done independently, or reading with an adult. Reading can be from a book, magazine, comic book etc.***

Math:

- **Memorize Addition and Subtraction Math Facts. This can be done through games such as flash cards or websites.**
- **IStation is also available during the Summer until June 30th (see Log In information attached)**

Have a great summer, and we will see you in August!
